It is with great pleasure and excitement that we welcome you to Cuba High School. It is the desire of the CHS staff to provide you with a caring and positive learning experience as you attend high school. Out of all life’s values education is certainly among the most important. An education is something that cannot be taken away once acquired. In a free democratic society such as ours it is important that we remember that a good education is obtained through the cooperative efforts of the students, teachers, parents, and members of the community. The Crawford County R-II School District has a tradition of providing a good education and with the continued dedication of all involved this tradition will continue.

The Cuba High School appreciates your support and will continue to strive to provide quality education programs. We trust that each student and parent will become acquainted with the handbook. If further questions exist or additional information is needed, please contact the high school office for assistance.

Public Notice of Service
All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Crawford County R-II School assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Crawford County R-II School assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.
The Crawford County R-II School assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents / guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Crawford County R-II School has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency’s policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency’s assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed at Crawford County R-II School, according to the district schedule, 7:30 a.m. – 3:30 p.m., Monday through Friday.

If you have a child with a disability or know of a child with a disability who is not attending the public school; or, if you are interested in learning more about volunteering to serve as a surrogate parent for a child with a disability you may contact your school district’s Director of Special Education: Vickie Gorsuch, Phone 573-885-2534 ext. 1186, Crawford County R-II Schools, #1 Wildcat Pride Dr., Cuba, MO 65453.

**Family Policy Compliance**

The Family Education Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

These rights are outlined below:

1. The right to inspect and review the student’s records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believe are inaccurate or misleading. Parents or eligible students may ask Crawford Co. R-II School District to amend a record that they believe is inaccurate.
or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will provide to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility, (optional). Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(Note: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

4. The right to file complaint with the U.S. Department of Education concerning alleged failures by Crawford County R-II School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Ave. S. W.
Washington, DC 20202-4605

Grading System
The difficulty of determining grades that truly express the value of achievement and attitude is generally recognized. Each student is encouraged to attain the highest level of achievement possible. Important goals for each student are competition against his/her own record in the direction of self-improvement and striving for the satisfaction that comes from performing each task well. In order for Cuba High School to accurately record student learning classes will use a weighted grade scale. *Scale may vary in honors and duel credit classes.*
- 60% of a student’s grade will consist of: Summative Assessments / Unit Tests.
- 20% of a student’s grade will consist of: Formative Assessments / Class Projects.
- 20% of a student’s grade will consist of: Classroom Activities and Homework.
- These percentages will make up 90% of the students final grade. 10% will be made up of course final exams.

Scholarship marks are given in comparison with the standards of achievement expected of a student and in comparison with others in the class. The following system is used as an indication of achievement and made available for reference when needed:
- A - Excellent, Highest Grade Given
- B - Superior, Above Average
- C - Average Work
- D - Below Average, Needs Improvement
- F - Failing, Not Passing
- I - Incomplete (work needs to be made up before grade can be given. Time allowed should not exceed 2 weeks)
- FL - No Credit Given
- P - Credit Given (Teacher Aide)
- H - Honors Course

should contact the High School Counselor to arrange a parent/teacher conference.

**Promotion, Retention, and Summer School**

**Promotion Credit:**
- 5 credits – Sophomore
- 13 credits – Junior
- 20 credits – Senior

28 credits needed to graduate; 26 credits needed by RTI students;

*Promotion* – Promotion is based on the number of credits earned by students each year. If they earn five credits during the freshman year, they will be classified as a sophomore the next year. If they have accumulated thirteen credits by the end of their second year of high school, they will be classified as a junior the next school year.

Students are promoted once per year. This will normally occur at the end of summer school year. Credits earned during the summer can be used for a student to be promoted to the next grade. Seniors can be promoted at the end of the first semester of their senior year if credit earned the first semester places them on target for graduation. These individuals can be promoted at the end of the first semester.

*Retention* – Students must earn credit to advance to the next grade. If a student fails to earn enough credit to move to the next grade level for the next year, they will retain their grade level assignment for another year.

*Summer School* – Any student who does not remain on target for graduation must attend summer school. Example: a student can earn 32 credits in four years of high school. After a student has failed four classes, they must attend summer school to remain on target of earning 28 credits for graduation.

**Report Cards**

1. Report cards will be issued every nine weeks. These reports cards need not be returned.
2. The schedule for issuing grade reports will be published in the school calendar.
3. It is imperative parents display concern about grades to their son/daughter. Please look for your son/daughter’s report card every nine weeks.

**Valedictorian, Salutatorian, and Class Rank**

In the interest of encouraging and recognizing outstanding academic achievement, a Valedictorian and Salutatorian will be selected for each high school graduating class. The Valedictorian and Salutatorians will be selected according to the following procedure:
1. The students must be enrolled as a full-time student.
2. Transfer students must be in attendance two semesters prior to graduation.
3. Students must complete eight (8) semesters of school.
4. Selection of Valedictorian and Salutatorian will be determined by totaling all grade points for eight (8) semesters of high school.
5. Transfer students will provide written justification of any weighted classes they have taken.
6. No grade points are awarded for the class “Teacher’s Aide”, when determining the Valedictorian, Salutatorian, and Class Rank.
7. If there is a tie for Valedictorian there will be “Co-Valedictorians” and no Salutatorian.

Latin Honor Designation Categories (Effective in 2023)

The class of 2023 will be the first class of Cuba High School to not use the traditional ranking system. The Latin Honors System no longer uses Valedictorian and Salutatorian.

The Latin Honor designation is in three categories, each with its own minimum GPA requirement:

- **Summa Cum Laude** (With Highest Honor) – 3.9000 GPA
- **Magna Cum Laude** (With Great Honor) – 3.7000 GPA
- **Cum Laude** (With Honor) – 3.5000 GPA

Reasons for moving to Latin Honors:

1. **Latin honors recognize the academic accomplishments of more students.** Instead of honoring only a handful of students whose performance may be based on relatively small differences in GPA, Latin honors recognize all students whose performance exceeded high academic standards.

2. **Latin honors represent a much broader spectrum of academic accomplishment.** The three levels of Latin honors—*Summa Cum Laude, Magna Cum Laude, and Cum Laude*—can be adapted by schools to reflect their distinct academic standards, while also giving more students the opportunity to work hard and earn recognition for their achievements.

3. **Colleges, universities, and the general public are familiar with Latin honors.** Instead of devising a new system of academic recognition that may be unfamiliar or confusing, schools can use Latin honors, which provide an established, understandable system with a long and storied academic tradition.
Attendance and Tardy Policy

General Attendance Information
Regular attendance is imperative to insure success in the classroom. Attending school every day is essential in developing a proper work ethic and a sense of responsibility. These factors are instrumental in preparing students to enter the work force, a profession, or post-secondary education.

Absence from school should be limited to personal illness, family crisis, or medical appointments that cannot be scheduled outside the regular school day. When an absence is unavoidable, the parents of the student should call the school office 885-2535 between 7:30 am and 3:00 pm on the day of the absence to advise us of the reason for the absence.

All absences must be verified by a phone call on the day the student returns to school. For pre-arranged absences, the student must contact all his/her teachers for assignments which will be missed during the absence. The student will obtain a “pre-arranged” absence form from the office, complete the form and return it to the office prior to the absence. All absences, which can reasonably be foreseen, are to be approved by the use of the “pre-arranged” form.

Students who become ill at school must be checked out at the nurse’s office. Students leaving school for any other acceptable reason must be cleared in advance by a telephone call or notice from the parent. Students will sign out when they leave school.

Students participating in regularly sanctioned school activities under the supervision of a school staff member shall not be considered absent from school on their permanent records.

Attendance Policy and Procedure
Regular and punctual attendance by all students is necessary for the proper functioning of the entire school program. Students who have good attendance generally have good grades and enjoy school more. When students are not present in class, the benefit of classroom instruction is lost and can never be entirely regained.

1. Any daylong or block absence in excess of 6 (six) will result in the student being required to attend attendance recovery.
2. A student is considered absent to a block if they miss more than 20 minutes of the block.
3. Attendance recovery options begin after the sixth daylong absence. Attendance recovery allows students to make up absences 7-10 and still earn points from class for those missed days.
4. Any student in excess of 10 daylong absences (or equivalent to 10 days) will receive a zero for any missed time for the remainder of the semester.
5. Homebound services may be provided as outlined in Policy 6275 and Regulation 6275.
6. Exceptions as necessary may be allowed to satisfy Individualized Education Program (IEP) and/or 504 plans.
7. Students who miss class for school-sponsored activities, for which the students have been properly excused, will not be considered absent.
8. ISS & OSS will not count towards the total number of days missed.
9. Students must be in attendance the entire day in order to attend extra-curricular activities unless a doctor’s note is provided and the student attends at least (two) 2 full blocks. Exceptions to this can be made with prior consent/communication with administration or for extreme circumstances.

Attendance Recovery
1. In order to receive any points for missed school days, any absences in excess of 6 days must be made up within 2 weeks of the absence through attendance recovery.
2. Students in grades 9-11 must be in compliance with the attendance policy by the start of Summer School or zeros will be given for missed days for 2nd semester.
3. Seniors must be in compliance with the attendance policy prior to graduation or zeros will be added for 2nd semester.
4. Each daily absence contains four academic classes. Therefore students must attend four (4) weekday or weekend recovery blocks to recover that daily absence. (80 minutes=1 block)
5. Absences will not be counted as verified, non-verified, excused or unexcused. Absences are counted as simply that, being absent from school.
6. Doctor notes will only be accepted in the high school office. They will serve only as documentation as to why the student was absent. They will only be used in the event that a student or parent wishes to appeal an absence. Doctor notes will not eliminate absences.

7. A student owing absences after 6 or any absence past 10 will not be allowed on field trips.

**Attendance Recovery Options**

1. Students have the option to attend attendance recovery on Monday through Friday, and/or in Open Library on Tuesdays and Thursdays. After school recovery is from 3:00 - 4:20 and Open Library is from 6:00 – 8:00 pm.

2. Recovery hours may not be done in advance or be carried over to another semester.

**Students not in compliance who choose not to complete Attendance Recovery** will receive zeros on all assignments, and based on their age and absence type (i.e. daily or block absences) they may be or referred to the Crawford County juvenile offices.

**Appeal Process**

1. If a student misses more than 10 days under extraordinary circumstances an appeal may be made to have credit reinstated for each day or block missed over 10 days.

2. In order to make any appeal students must pick-up an appeal form from the high school office.

3. All appeal forms must be completely filled out and returned to high school principal within two (2) school days of returning to school from absent date to be considered. **No late or incomplete attendance forms will be considered.**

4. All students who choose not to return an appeal form are assumed to have forfeited academic points for that day.

5. Students must still make up any recovery time within 2 weeks of the committee’s decision.

6. Reasons why credit may be reinstated include but are not limited to the following incidents or circumstances:
a. Under extended care from a Physician (Dr. Notes needed for documentation)  
b. Death in the family

7. In the event of an appeal, students will still be expected to makeup all time missed in attendance recovery and may be asked to sign an attendance contract.

**Attendance Committee**

1. Appeals will be given to the committee for review. The high school principal, high school assistant principal, counselor and two teachers will review each case.
2. The student may appeal the committee's decision to the superintendent. Appeals to the Superintendent must be done within ten (10) days of notification that daily points have been lost.
3. The student may appeal the superintendent’s decision to the board of education. Appeals to the Board of Education must be done within ten (10) days of notification that daily credit has been denied by the Superintendent.

**Communication**

1. Letters will notify parents and guardians when a student reaches two (2), four (4), six (6) and each absence past (6) daylong absences. 4 blocks = 1 daylong absence

**Make up Work**

Missed work may be made on the student’s own initiative.

a. Late assignments will be accepted until the end of the unit given by their instructor.

b. Students are not to leave one class to do make up work in another class.

**Part-time Attendance**

Part-time attendance will only be considered for those students who have:

1. Financial hardship.
2. Educational needs that cannot be met by Cuba High School.
3. Students must abide by the attendance policy to retain their part-time status. Students may only miss half of the days that a full time student is allowed.
4. Attendance will be evaluated every four weeks for part-time students.
5. Students found to be in violation of the attendance policy will have their part-time agreement terminated.
No student will be approved for part-time attendance if it disturbs his/her educational program or schedule to graduate. **Students must be on target for graduation at the time of application for part-time attendance.** Thorough documentation must be presented for part-time attendance to be approved. Students approved for part-time attendance will not be allowed to enroll as teacher aide. The Counselor will review all applications to assure all requirements are met for graduation.

**Pre-Arranged Absences**
If a student and his/her parents or guardians have prior knowledge of an absence, please notify the principal’s office. The student must contact all his/her teachers for assignments that will be missed during the absence. Reasonable time schedules will be worked out between the student and the teacher for completion of the assignments. The student will obtain a “pre-arranged absence” form from the office, complete the form, and return it to the office prior to the absence. All absences which can be reasonably foreseen are to be approved by the use of the ‘pre-arranged absence” form. Examples of absences that qualify as pre-arranged where the student can make up assignments are: college visits, family emergencies, religious days, court dates, and funerals.

**Signing Out or In During the School Day**
1. A student leaving school during the day must sign out in the office. The student must have his/her parents call or write a note indicating permission to sign out.
2. Members of the Jr. Fire Department will not be dismissed for fires or other emergencies unless the school is notified that they are needed. Members will not be released regardless of the emergency if they have a C- average or below.
3. **We have a closed lunch period. Students are not permitted to sign out for lunch.** (Any time spent away from the HS will count against the student’s attendance.)
4. Students returning or arriving late to school must report to the office to sign in.

**Attendance Incentive**
We will have an Attendance Incentives for students who miss no more than 2 days (8 blocks) per semester. For Incentive purposes 4 tardies = 1 absence.

**Semester Incentive** — Students will be exempt from semester exams. The following criteria must be met:
1. No more than two days absent (8 blocks) per semester. Or, two times the total number of blocks enrolled (if a student is enrolled part-time).
2. No more than two (2) absences in any one class.
3. Students enrolled in weighted, advanced, or dual credit courses must take the semester exam in that course.
4. Students with any grade below a “B-“ in any course must take the semester final in that course.
5. Students assigned more than three (3) days ISS must take all exams in that semester.
6. If a student receives any days of OSS the student will be ineligible for the attendance incentive.
7. Students that qualify for exam exemptions have the option of taking exams. If a student chooses to take his/her finals, the result of the exam can only raise their semester grade and not lower it.
8. Students who are required to take End of Course Exams will have an alternative incentive if they meet all of the necessary requirements (2nd semester only).
9. A score of proficient or advanced on an EOC exam will exempt a student from semester exams for the semester in which scores are returned to the school.

* There are no exceptions to the days missed.
* Arriving late and or leaving early will count towards your total minutes absent.

**STUDENT CODE OF CONDUCT**

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of the high school. No code can be expected to list each offense that may result in disciplinary action. However, it is the purpose of this code to list certain offenses, which if committed by a student, will result in a specific penalty. The most severe punishment will be issued for the serious violations of prohibited conduct and more serious disciplinary action will be applied to repeat violations. It is possible that more than one disciplinary action may be involved in a violation or for engaging in prohibited conduct.

This handbook not only defines all the offenses on the following pages, but explains what action will be taken if you choose to break a rule. You are responsible for knowing the steps outlined in the policy and to also acquaint your parents with them. **The disciplinary consequences listed for each offense may be increased or decreased by the administration or the Board of Education due to mitigating or aggravating circumstances.** Any behavior on the part of the students that distracts from the educational processes of the school or adversely
affects the health and/or safety of students is prohibited. This applies to extracurricular activities as well as those taking place during the school day.

All employees of the school district have authority to control incidents concerning student’s actions at the following locations:

1. All bus stops,
2. Any place where students represent the Crawford County R-II School District,
3. In school, or on or around school grounds,
4. And any place where student’s actions are directed at a staff member due to his/her relationship with school.

Before school, between classes, after school, and at all extracurricular activities, student conduct should reflect concern for others. Students are expected to respect each other, school staff members, and private property and school property.

We at Cuba High School would prefer to prevent discipline problems rather than to punish the student after the problem occurs. We welcome hearing from parents and will use all the resources of the school to help prevent problems.

**Discipline Measures – Student Rights**

It should be understood that the student does not deprive himself/herself of his/her constitutional rights on entering school, so long as he/she does not disrupt the educational process or impose upon, endanger, or deprive constitutional freedoms.

**Due Process**

This handbook has explained the major disciplinary problem areas and the actions that may result for those students who will not follow the rules. All students are entitled to due process. This means that there are certain procedures that school officials will follow prior to taking appropriate disciplinary actions. This includes notice to the charges and the opportunity for the student to respond.

If the student and/or legal guardian are dissatisfied with any decision, he/she has the right to appeal through the following channels:

**Step 1:** If a student or concern is in regard to a classroom situation or a teacher, then the first step is to contact the building principal to arrange a conference with the teacher.

**Step 2:** If the complaint or concern is about any matter other than a teacher or classroom situation, the matter shall first be brought to the attention of the building principal. Any
matter taken up at Step 1 but not resolved shall also be referred to the building principal. Complaints at this level shall be submitted in writing.

Step 3: All matters not resolved at Step 2 shall be referred to the appropriate central office administration, Superintendent of Schools, or Assistant Superintendent for review of the facts and resolution.

Step 4: All matters not resolved at the Superintendent level may be appealed to the Board of Education. The Board of Education will be the final judicial authority on all matters concerning district policy, policy interpretation, procedures, and student, parent, employee, or community compliant.

After School Detention (ASD)
The After School Detention program is designed to deter specific behavior problems. The detention will be supervised by a classroom teacher and will be held from 3:00pm-4:00pm. These are scheduled on each Tuesday and Thursday throughout the school year. Students who fail to attend the assigned ASD will be referred to the office for further disciplinary action.

Procedures:
1. Transportation is the responsibility of the student and his/her parents.
2. Students will work on school assignments or assist with public service tasks. Sleeping, letter writing, talking, or refusal to work on school assignments will void the detention.
3. Food, beverages, radios, CDs, games, etc. will not be allowed.
4. Students who do not comply with rules will be assigned In-School Suspension.
5. When school is not in session students will be expected to serve the ASD on the next scheduled day in which ASD’s are held.
6. Failure to attend an ASD will result in the student being assigned one (4) Lunch Detentions.

Expulsion
Students suspended from public school, in state or out-of-state and private schools may have that disciplinary action enforced in district schools when the student seeks enrollment. A conference is held with the superintendent/designee to determine if a prior suspension will be enforced after transfer to district schools. Expulsion is the removal of a student from the educational system and it requires Board of Education approval.
In-School Suspension (ISS)
This is used as a punishment for some of the offenses in the Student Discipline Code. It allows the student to remain in school and gives him/her the opportunity to complete assignments to maintain his/her grades. The student receives credit only for the time he/she spends in the ISS room. Credit is not granted for absences, doctor’s appointments, being late or tardy to school, etc. Students may not attend or participate in any extra-curricular activity until the ISS time is completed.

1. Principals are the only individuals that assign ISS. A student is assigned to ISS for violating one of the offenses in the Student Discipline code. This assignment begins immediately.
2. The student will report to the ISS room and bring paper, all his/her books, and pencils. He/she will not be tardy.
3. The student will be assigned a work cubical. The supervisor will read the rules and guidelines of ISS to the student each day.
4. The supervisor will provide the student his/her assignments one at a time. As the student completes the assignment, the student will raise his/her hand and the supervisor will collect the work. Assignments are provided by each of the student’s teachers. The assignment may be longer than the normal classroom work to help occupy the time of the student during ISS.
5. The work is returned to the teacher for grading.
6. The ISS environment is quiet, no talking, no passing of notes, no cell phones and the student is expected to remain in his/her seat. The student is expected to remain on task during the time he/she is in ISS.
7. If a student becomes disruptive or insubordinate in ISS, he/she will be placed in OSS. The student will still have to successfully complete the ISS time assigned upon return.
8. Once the student has completed his/her time and assignments, the student will return to the normal classroom.

Out-of-School Suspension (OSS)
Suspension is not something to be taken lightly. When a student is suspended, it is done after careful thought and investigation. Suspension from school will result when a student’s actions and endanger other students, when an individual’s behavior interferes with the educational progress of other students, or when a student fails to respond to other disciplinary actions. Students suspended from school for one to ten days will be responsible for any assignments missed during their suspension. Students can have guardians come to the school to pick up work or can access work from Canvas. Any student suspended for longer than ten days will be given the option of completing online classes for the time of removal. Students will be responsible for making arrangements to take all
tests with a homebound instructor in order to complete courses. Student will not be allowed to attend extra-curricular activities during the suspension (ISS or OSS) period. All work from a 1-4 day suspension will be due by the second class meeting of students return. Work from 5-10 day suspensions will be due the first class meeting of students return.

**Lunch Detention**
The Lunch Detention program is designed to cut back on tardies for the first block of the day (1st or 5th block) and missed after school detentions. Any tardy to 1st or 5th block will result in Lunch Detention that day. If a student is checked out prior to lunch they will make it up the next lunch they are in school. A missed after school detention will result in 4 Lunch Detentions to be done consecutively. Failure to attend Lunch Detention will result in I.S.S.

**Procedures:**
1. Students will get their lunch and report to the Lunch Detention room.
2. Students will not speak to any other student or the instructor without permission.
3. Students will not be allowed to sleep.
4. Failure to attend lunch detention will result in ISS for the remainder of that day.

**School Grounds**
It is the responsibility of all students to help keep the school grounds in good condition by staying off the grass and keeping paper and trash in the proper containers. Students are not permitted to occupy parked cars at any time during the hours in which school is in session. Gentlemanly and ladylike conduct is expected on the school grounds.

**Student Dress Code**
The appearance of any young person is primarily the responsibility of that student and his/her parents. We expect students to maintain the type of appearance that is not distracting to teachers, other students, or to the detriment of the educational process of the school. The following general guidelines will be followed concerning appropriate student dress.

1. Shirts and shorts worn by students should cover all undergarments. If they are visible, the clothing is not acceptable for the school setting. A student’s back, shoulder, and midriff should be covered by the shirt they elect to wear to school.
2. Sports Jerseys must have a t-shirt worn underneath them.
3. Sleeveless shirts should not have larger openings than the normal sleeve removed from the shirt.
4. Shorts and Shirts should be of sufficient length to not create a distraction to students and teachers.
5. Clothing or accessories with advertisements of alcoholic beverages, drug references, tobacco products, images that portray or suggest violent actions and clothing or accessories that are sexually explicit or that contain sexually implied messages shall be prohibited.

6. Hats, caps, bandannas, sunglasses, or chains of any kind are not to be worn in the school building.

*No policy can be written to cover all examples that occur each year. The student dress practices and fashion changes from time-to-time and the administration will determine if these disrupt the educational process.*

**Student Parking**

Students driving themselves to school will park in the student parking lot designated for students at the high school. Parking areas are reserved for students with a parking permit. Seniors and juniors sign up for permits during the registration process completed in early August. Parking permits are required to park on campus and parking will be on a first come-first served basis.

1. Seniors will be given the opportunity to purchase parking permits first.
2. Underclassman can purchased parking permits for the remaining spaces during registration, or the first week of school.
3. Students who do not have a parking permit must park off campus.
4. Speeding and careless driving will not be permitted.
5. Students may only park in areas designated as **Student Parking** and must be in a parking spot.
6. Students must have a random drug screening form on file to park on campus.

Driving to school is a privilege. Failure to follow the above rules will result in this privilege being taken away.

**Violations and Penalties**

**Alcohol**

Possession of or attendance under the influence of alcohol on the school playground, parking lots, school buses and at school activities, on or off property.

Bullying Policy

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District’s campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designates to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No
employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, expulsion, and law enforcement contacted.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District’s web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

1. What is a complaint?

For these purposes, a complaint is a written allegation that a local education agency (LEA) or the Missouri Department of Elementary and Secondary Education (the Department) has violated a federal statute or regulation that applies to a program under ESSA.

2. Who may file a complaint?

Any individual or organization may file a complaint.

3. How can a complaint be filed?

Complaints can be filed with the LEA or with the Department.

4. How will a complaint filed with the LEA be investigated?

Complaints filed with the LEA are to be investigated and attempted to be resolved according to the locally developed and adopted procedures.

5. What happens if a complaint is not resolved at the local level (LEA)?

A complaint not resolved at the local level may be appealed to the Department.
6. How can a complaint be filed with the Department?

A complaint filed with the Department must be a written, signed statement that includes:
   1. A statement that a requirement that applies to an ESSA program has been violated by the LEA or the Department, and
   2. The facts on which the statement is based and the specific requirement allegedly violated.

7. How will a complaint filed with the Department be investigated?

The investigation and complaint resolution proceedings will be completed within a time limit of forty-five calendar days. That time limit can be extended by the agreement of all parties.

The following activities will occur in the investigation:

   1. Record. A written record of the investigation will be kept.
   2. Notification of LEA. The LEA will be notified of the complaint within five days of the complaint being filed.
   3. Resolution at LEA. The LEA will then initiate its local complaint procedures in an effort to first resolve the complaint at the local level.
   4. Report by LEA. Within thirty-five days of the complaint being filed, the LEA will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
   5. Verification. Within five days of receiving the written summary of a complaint resolution, the Department will verify the resolution of the complaint through an on-site visit, letter, or telephone call(s).
   6. Appeal. The complainant or the LEA may appeal the decision of the Department to the U.S. Department of Education.

8. How are complaints related to equitable services to nonpublic school children handled differently?

In addition to the procedures listed in number 7 above, complaints related to equitable services will also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Also, appeals to the United States Department of Education must be filed no longer than thirty days following the Department's resolution of the complaint (or its failure to resolve the complaint).

9. How will appeals to the Department be investigated?

The Department will initiate an investigation within ten days, which will be concluded within thirty days from the day of the appeal. This investigation may be continued beyond the thirty day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the LEA. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the LEA.

10. What happens if a complaint is not resolved at the state level (the Department)?

The complainant or the LEA may appeal the decision of the Department to the United States Department of Education.
