Course Descriptions

Each course is listed below with a description, time, location, and date.

A.C.T./M.A.P.: HELP!!!!! Unscrambling Assessment (ie.: TESTS!)

March 19, 2018
6:30 PM
Cuba Middle School Library

Do you ever wonder 'why' we test? What do the letters mean? Why so many tests? How do I help my child survive and thrive during these times of (often) intense assessing?

Join us on March 20th, as we will look at the answers to these and a few other questions. This will be a simple, non-threatening look at the basics of the testing processes AND ways to make these times easier

on you and your kiddos.

Digital Super Sleuth Parents / Guardians

April 11, 2018
6:30 PM
Cuba Elementary Library-Computer Lab

This 1-hour course will explain how the Student Information System (SIS) and the learning management system, Canvas, work and how they can assist parents to monitor homework for their students. The course will also explore how to monitor student's scores and points from home through Accelerated Reading Home Connection (AR), as well as information on the school's library system, Destiny.

Parents will have the opportunity to gain hands-on practice, ask questions, and verify login's to the systems.

Digital Citizenship

April 18, 2018
6:30 PM
Cuba Elementary Library-Computer Lab

Digital Citizenship is more than just a teaching tool; it is a way to prepare students/technology users for a society full of technology. Digital citizenship is the norms of appropriate, responsible technology use. This informative 1-hour course will equip parents with strategies, ideas, and details about the technology world their children are experiencing.

Brief discussions and videos covering key points of Digital Citizenship according to www.Commonsense.org will include: Internet safety; Privacy and security; Cyberbullying and digital drama; Digital foot print and reputation; Self-image and identity; Information literacy; and, Creative credit and copyright.
