1. Assuring prompt and regular school attendance and complying with attendance rules and procedures.
2. Talking with your child daily about school activities and showing an active interest in their assignments.
3. Provide a regular time and place for homework assignments.
4. Teaching the child about respect for the law, those in authority, the rights of others, and for private and public property.

GENERAL INFORMATION

ACCELERATED READER

Accelerated Reader [AR] is a computer managed incentive program combining carefully selected lists of outstanding and popular books with user-friendly software to assess student recall and understanding of the text. Each book on the list has a point value based on grade level rating and number of words. The student reads a book, and takes a computerized test to check their comprehension. The computer scores the test, calculates how many points the student has earned, and keeps detailed records.

AR COMPUTER LAB NIGHTS

Students and parents have the opportunity to read books together during the school year. Students can select from a wide range of books, read alone or to their parents, and finish by taking an AR test in the Lab. The day and times the lab will be open will be announced at the beginning of the school year.

AFTERNOON DISMISSAL/PARENT PICK-UP

ALL K - 4 STUDENTS who walk or are parent pick-up will be released in the Elementary Gym at 3:00 p.m.

- Parent pick up students will not be released earlier than 3:00 due to after school traffic.
- Students will be released by the teacher on duty to authorized persons only. **Please make sure to have a pick-up card for each child.**
- Parents who walk to pick up their child may meet them under the awning in the front of the building. Please call the office and designate your student as a "walker". They will be released from the gym once buses have left.
- Parents will not be allowed to park in the bus lane or in the front of the building to pick up their child. Parents may not walk through the elementary building to the gym.

First load buses will leave promptly at 3:05 p.m.

Note: Students are not allowed to stay after school with siblings in M.S. or H.S. due to lack of supervision

ARRIVAL/PARENT DROP-OFF PROCEDURES

Student safety is our primary concern. With the number of students we have, it is extremely important for the following procedures to be observed when dropping your child off before school.

- **Students should arrive at school no earlier than 7:20 a.m.** Please do not drop students off prior to this time, as there is not adequate supervision by certified personnel.
- ALL students must be dropped off at the main entrance which is located in the back of the primary building next to the gym. All other doors in the elementary will be locked at all times.
- **Please do not park or leave cars unattended in the parent drop off lane.** Two parking lots are available for parents needing to exit their cars.
- If you wish to walk your child into the building, you must scan in at the office and obtain a visitors pass. All visitors must have a state issued id to be scanned when entering the building.
- A bell will ring at 8:10 to signal the beginning of the school day. Parents are required to exit the building at this time so learning may begin.

Early arrival designated waiting areas:

Kindergarten - Room 24

Grade 1 - Library

Grades 2-3 - Elementary Gym

Grade 4 - Middle School Cafeteria

AT-RISK STUDENTS-ACADEMICALLY

Students who are at risk for failing will be referred to the Student Assistance Team (SAT). Parents will be contacted

by a SAT member to discuss concerns, strategies, interventions, and/ or programs to benefit the student. The child's progress will be monitored by the classroom teacher and the SAT Team.

ATTENDANCE POLICY

Regular and punctual attendance by all students is necessary for the proper functioning of the entire school program. Students who have good attendance generally have good grades and enjoy school more. When students are not present in class, the benefit of classroom instruction is lost and can never be entirely regained.

- Students are allowed seven (7) days excused/unexcused absences during each semester. Parents and/or guardians will be notified by letter after their child has been absent five (5) days, eight (8) days, and twelve (12) days.
- Parents will be notified by the school based social worker on the 14th absence. Students missing more than 14 days of school may be required to attend summer school. If your child does not attend summer school, or his/her attendance falls below 80%, your child may be retained to their current grade level.

General Information on Absences:

- All absences must be verified by a telephone call to the school by 9:00 a.m. the day of the absence. If the school has not been notified by 9:00 a.m., the parent will be called for verification.
- Students who become ill at school must be checked out through the nurse's office.
- Students leaving school for any other acceptable reason must be signed out in the office by the parent.
- Students absent from school will not be allowed to participate in school activities scheduled during daytime and/or evening hours.
- Students participating in regularly sanctioned school activities under the supervision of a school staff member shall not be considered absent from school on their permanent record.

BY LAW THE SCHOOL MUST NOTIFY THE PROPER AUTHORITIES WHEN EDUCATIONAL NEGLECT EXISTS. ONLY IN CASES OF SERIOUS EXTENDED ILLNESS, A SERIOUS ACCIDENT, OR OTHER EMERGENCY SITUATIONS, WILL ASSISTANCE OF THE DIVISION OF FAMILY SERVICES NOT BE SOUGHT.

ATTENDANCE INCENTIVE PROGRAM

Our attendance incentive program encourages students to be in school every day possible. All minutes missed, regardless of doctor's note or any other verified absence, count against a student's attendance. The class with the highest percent of attendance for the quarter within a grade level will enjoy a class prize. Students with perfect attendance for the month will receive various rewards and incentives throughout the year.

PERFECT ATTENDANCE AWARDS

Perfect attendance for the year = (BEING AT SCHOOL EVERY MINUTE OF EVERYDAY)

DISCIPLINE: BULLYING STUDENTS POLICY 2655

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designates to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action. Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, and expulsion and law enforcement contacted.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

BULLYING REPORTING FORM

If you have been the target of bullying or have witnessed the bullying of a District student, complete the Bullying Reporting Form on our district webpage, or you may request it from central office or each building's office. Once you have completed the form, please submit to the building principal. Complaints against building principals should be submitted to the Superintendent. Complaints against the Superintendent should be submitted to the Board of Education. Reports of bullying will be investigated and disciplinary action will be taken as warranted.

Students have the right to complete this form anonymously. However, it will be easier for the District to investigate this matter if as much information as possible is provided. Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning, or working environment. A complainant that falsely accuses someone will be subject to disciplinary action. *August 2016, Copyright © 2016 Missouri Consultants for Education, Inc.*

PUBLIC NOTICE/SURROGATE PARENT ANNOUNCEMENT

All public schools are required to provide a free and appropriate public education to all students with disabilities, including those attending private/parochial schools, beginning on the child's third birthday through age twenty (20), regardless of the child's disability. Disabilities include: autism, cognitive disability, communication disorders, deaf/blindness, early childhood special education, emotional disability, hearing impaired, multiple disabilities, other health impairment, physical impaired, sound system disorder, traumatic brain injury, and visual impairment.

The public school assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri's First Steps Program.

All public schools are required to provide parents the right to inspect and review personally identifiable information collected and used or maintained by the district relating to their children. Parents have the right to request amendment of these records if they feel the information is inaccurate, misleading, or violates the privacy or other rights of their children. Parents have the right to file complaints with the U.S Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA). You may contact your local school district if you wish to review the requirements provided in FERPA.

The public school has developed a Local Compliance Plan for implementation of special Education and this Plan is available for public review during regular school hours on days school is in session in the Office of the Superintendent of Schools. The Local Compliance Plan is a written narrative that describes the district's plan for compliance with the requirements for identifying and serving all students with disabilities. Included in this plan are the policies and procedures which the district must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information. The plan also describes the assurances that services are provided in compliance with the requirement of 34 CFR 76.301 of the General Education Provision Act.

Public schools in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth through age twenty [20] who reside in the district or whose parent/legal guardian resides in the district. This census is compiled as of May 1 of each year. This information is treated as confidential and submitted to the Missouri Department of Elementary and Secondary Education. Information to collect includes: name of each child, parent/legal guardian's name/address; birth date and age of each child; and each child's disability or suspected disability. Should the district fail to submit an annual census, the State Board of Education may withhold state aid until the census is submitted.

Pursuant to the requirements of state law 162.997-999 RsMo. The State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent or a person acting as a parent to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, "parent" is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, step parent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The local school district is given the responsibility to determine when a child with a disability who requires special education and who resides in the District is without a parent. The District must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. The Missouri Department of Elementary and Secondary Education will provide training for such persons serving as surrogate parents. This notice can be provided in languages such as Chinese, Spanish, Arabic, and Vietnamese or other language as may be necessary.

If you have a child with a disability or know of a child with a disability who is not attending the public school; or, if you are interested in learning more about volunteering to serve as a surrogate parent for a child with a disability you may contact your school district's Director of Special Services.

READING PLAN: MO SB 319 STATE MANDATED RETENTION

STANDARD COMPLAINT RESOLUTION PROCEDURES FOR IMPROVING AMERICA'S SCHOOLS

This complaint resolution procedure applies to all programs administered by the Department of elementary and Secondary Education under the Goals 200: Educate America Act and the Improving America's Schools Act (IASA).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by the Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other persons directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted. The written signed complaint must be filed and the resolution pursued in accordance with local district policy: **Board Policy 1480**

The Board advises the public that the proper channeling of complaints involving instruction, discipline, or learning materials is as follows:

1. Teacher; 2. Principal; 3. Appropriate Central Office Administrator, e.g., Assistant Superintendent or Director of Student Services, Assistant Superintendent or Director of Personnel, Assistant Superintendent or Director of Curriculum and Instruction; 4. Superintendent; and 5. Board of Education.

Any complaint about school personnel will be investigated by the Administration before consideration and action by the Board. If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolutions. Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself. Anyone wishing more information about this procedure or how complaints are resolved may contact Local district or Department personnel.
