

CRAWFORD COUNTY R-II MISSION

The mission of the Crawford County R-II School District, in partnership with the community it serves, is to prepare individuals who are proficient in those skills which are essential to becoming a contributing member of society. This effort will develop responsible individuals who are able to gather and access data, communicate effectively, and think critically. In a secure and nurturing environment, the district offers a diversity of educational programs that addresses the needs of all students in order to prepare them for an ever-changing world.

CUBA ELEMENTARY BUILDING GOALS

1. To increase student achievement in reading, communication arts, and math;
2. To provide teachers with continued professional development;
3. To increase parent/family involvement; and
4. To provide a safe climate so all students can learn.

PARENTS CONTRIBUTION TO SCHOOL SUCCESS

Parents are the child's primary teacher. Good behavior habits and positive attitudes towards school begin at home. Parents can contribute to their child's success in school by:

1. Assuring prompt and regular school attendance and complying with attendance rules and procedures.
2. Talking with your child daily about school activities and showing an active interest in their assignments.
3. Provide a regular time and place for homework assignments.
4. Teaching the child about respect for the law, those in authority, the rights of others, and for private and public property.
5. Encourage and model the "3 B's": Be Respectful, Be Responsible, Be Safe

GENERAL INFORMATION

ENROLLMENT

If your child previously attended Cuba Elementary School, we have a permanent file for them in the office. You will need to fill out a new Data Sheet to up-date information and provide a current immunization record. If your child is new to the district, we must have a STATE ISSUED birth certificate, Social Security card, and a current record of immunizations. State Law requires that all K-12 students must show proof of up-to-date immunization.

DATA SHEET - STUDENT INFORMATION

Each year your child is required to turn in to the office a new data sheet with your current address, home number, work phone number and emergency phone numbers.

Not only is this a state requirement, but also it is **absolutely vital that we have this information for your child's protection in the event of an illness or injury.** Cuba Elementary must have 100% compliance with this requirement. If you do not have a phone number, please contact the office so we can be advised on how you can be contacted. If during the school year you move or change telephone numbers, please contact the main elementary office at 885-2534 ext. 1177. It is extremely important that we have this new information should we need to contact you regarding your child(ren).

CLASSROOM REQUEST FOR UP-COMING YEAR

Students will receive their next year's classroom teacher on their last report card of the current year. Parents may request one teacher they **DO NOT** want their child to have for the up-coming school year. Parents will need to submit a letter to the elementary principal by May 5, 2017 stating their request. Once class lists have gone out, changes will not be made.

WITHDRAWAL FROM SCHOOL

Please notify the school office several days in advance if you are moving and withdrawing your child from school. This allows sufficient time to process the withdrawal and prepare the student's records for transfer to the new school. State Law requires that all discipline records be transferred to the new school. All textbooks must be returned and school debts [library fine, lunch charges etc.] must be paid before a student can be cleared and records released to their new school.

SCHOOL CLOSINGS/EARLY DISMISSALS

Should it become necessary to close school because of the weather, the superintendent will notify the local radio and television stations, and parents will receive a call through Bright Arrow. For scheduled early dismissals, parents/guardians will be called the night before using Bright Arrow. It is important that the office has your correct number, or you will not receive the notification.

ARRIVAL/ PARENT DROP-OFF PROCEDURES

Student safety is our primary concern. With the number of students we have, it is extremely important for the following procedures to be observed when dropping your child off before school.

- **Students should arrive at school no earlier than 7:45 a.m.** Please do not drop students off prior to this time, as there is not adequate supervision by certified personnel.
- **ALL students** must be dropped off at the main entrance which is located in the back of the primary building next to the gym. All other doors in the elementary will be locked at all times.
- **Please do not park or leave cars unattended in the parent drop off lane.** Two parking lots are available for parents that need to exit their cars.

- If you wish to walk your child into the building, you must sign in at the office and obtain a visitors pass. **You will also need to sign out when leaving the building.** It is important for us to have accurate documentation of who is in the building to ensure the safety of our students and staff.
- A bell will ring at 8:15 to signal the beginning of the school day. Parents are required to exit the building at this time so learning may begin.

Breakfast: Served from 7:45-8:05.

ATTENDANCE POLICY

Regular and punctual attendance by all students is necessary for the proper functioning of the entire school program. Students who have good attendance generally have good grades and enjoy school more. When students are not present in class, the benefit of classroom instruction is lost and can never be entirely regained.

- Students are allowed seven (7) days excused/unexcused absences during each semester. Parents and/or guardians will be notified by letter when their child has been absent three (3) days, and a second letter will be sent when your child is absent seven (7) days.
- After the tenth (10) day, a letter will be sent home, and parents will be required to make an appointment to meet with the attendance board. A doctor's note will be needed for any further absences.
- Parents will be notified by the school based social worker on the 14th absence to set up an additional meeting with the attendance board. If absences continue without a doctor's excuse, the student will be referred to the State Children's Division. Cases of emergency situations, extended illness, or serious accidents need to be dealt with on an individual basis with the building principal. It is the parent/guardian's responsibility to request homebound instruction during these emergency situations.
- Students missing more than 14 days of school may be required to attend summer school. If your child does not attend summer school, or his/her attendance falls below 80%, your child may be retained to their current grade level.

General Information on Absences:

All absences must be verified by a telephone call to the school by 9:00 a.m. the day of the absence. If the school has not been notified by 9:00 a.m., the parent will be called for verification.

Students who become ill at school must be checked out at the nurse's office. Students leaving school for any other acceptable reason must be signed out in the office by the parent.

Students absent from school will not be allowed to participate in school activities scheduled during daytime and/or evening hours.

Students participating in regularly sanctioned school activities under the supervision of a school staff member shall not be considered absent from school on their permanent record.

Prearranged Absence:

If your child is going to miss school for something other than a regular day to day thing such as: illness, doctor appointment, funeral, etc. You need to contact the elementary principal to prearrange the absence. It will be the child's responsibility to get all of their work for the time they will be gone. The work must be complete when the child returns. If the work is not complete when they return, the child will receive zeros on the assignments. These days will also be counted into the child's allowed number of days for the year.

After mid-term of each quarter, students with two or more F's will be referred to the Student Assistance Team (SAT). Parents will be contacted by a SAT member to discuss concerns, strategies, interventions, and or programs to benefit the student. The child's progress will be monitored by a member of SAT.

READING PLAN: "NO CHILD LEFT BEHIND" STATE MANDATED RETENTION

Reading assessments will be used to determine if a Reading Plan should be developed to provide additional remediation. Reading Plans will be developed in the fall of each school year for 3rd and 4th grade students. The classroom teacher, Title I teacher, counselor, and parents will determine the method of instruction necessary for the student to show improvement and must include a minimum of thirty additional hours of instruction or practice outside the regular school day. This information will be shared with the extended school day teacher.

If a child is retained due to a reading level one or more years below his/her grade level he/she:

- should attend an accelerated summer reading program, and/or
- attend the extended school day reading program the following year.

Third Grade Students:

Third grade students who cannot demonstrate a reading level at or above the third grade level will be administered a reading assessment within forty-five (45) days of the end of their third grade year. If this assessment reflects that the student is reading below the second grade level, the District will design and implement a reading improvement plan for the student's fourth grade year. The reading improvement plan must include a minimum of thirty (30) hours of additional reading instruction or practice outside the regular school day during the fourth grade year. In addition, the District may require the student to attend summer school for reading instruction as a condition of promotion to the fourth grade.

Fourth Grade Students with Reading Improvement Plans:

Within forty-five (45) days of the conclusion of the fourth grade year, the District shall administer another reading assessment to those fourth grade students for whom reading improvement plans had been designed.

If this assessment reveals that the student is reading below a third grade level, the student shall be required to attend summer school to receive supplemental reading instruction. At the conclusion of summer school, the student shall be given another reading assessment. **If the student is still reading below third grade level, the student shall not be promoted to fifth grade. This is a STATE-MANDATED RETENTION.**

Students shall not be retained more than once on the basis of their inability to satisfy the third grade or fourth grade reading standards. However, the District may, at its discretion, retain any student with a reading improvement plan who has not completed summer school for supplemental reading instruction.

RETENTION/PROMOTION POLICY

1. The teacher will notify the counselor at the end of the 1st semester of students who are at risk of failing, and fill out an Academic Progress Form for students at risk of failure resulting from:
 - Grades [2 or more F's]
 - Reading one or more grade levels below expectation
 - Poor attendance [missing 14 or more days of school in one year]
 - Maturity level
2. A meeting will be scheduled with parents to address strengths, concerns, and strategies to use to help the student before the end of the third quarter.
3. A letter will be sent home at the beginning of the third quarter to arrange a team meeting with parents to address concerns and actions to be taken.
4. A team approach will be used to decide for or against retention based on the information documented. The team may choose to recommend summer school for the student to avoid retention. However, if summer school is chosen as an option rather than retention, the student will be expected to have a 90% attendance rate or retention will be enforced.

VISITORS

Parents and other adults are welcome to visit school at prearranged times. If you are coming for a conference or need to speak with a teacher, you must make an appointment in advance. **ALL VISITORS MUST SIGN IN AT THE ELEMENTARY SCHOOL OFFICE AND RECEIVE A VISITOR'S PASS BEFORE ENTERING THE BUILDING.** Students who are not enrolled in Crawford County R-II shall not be in the classrooms when school is in session.

No hats or sun visors are to be worn in the school building, except on designated "hat days" or with a High Five Coupon.

TELEPHONE POLICY

Students will be discouraged from using the telephone at school. Forgotten homework, books, or permission to go with a friend are not reasons to use the office phone. Teachers will use their own judgment to determine when it is appropriate to send a student to the office to use the phone. Students will not be sent to the office to make after school arrangements.

SEARCH AND SEIZURE POLICY

Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoes and articles of exterior clothing for examination if reasonable under the circumstance. See Board Policy 2150.

MEDICAL INFORMATION

At the beginning of each school year, parents will receive a Medical Information Data Sheet, it is extremely important that the form be filled out completely, listing any important information necessary for the health and welfare of their child. This should be updated if personal data changes through the year.

ADMINISTERING MEDICINES TO STUDENTS

When possible, all medications should be administered at home. However, it is sometimes necessary for some medications to be administered at school. The school district has adopted the following policy:

- No medications will be administered without the written authorization from a physician and parent/guardian. The medication must be in a properly labeled bottle.
- Prescription medications must be in a current prescription labeled bottle. Medications will be administered per physician's instructions.
- It is the student's responsibility to come to the nurse's office at the scheduled time to receive their medication. Some circumstances will require special considerations. These will be reviewed on an individual basis.

COMMUNICABLE DISEASE

The school district will follow the recommendations of the Missouri Department of Health in regard to school attendance. Please report any communicable diseases such as chicken pox, strep infections, pink eye, head lice, etc. to the school nurse's office.

SICK CHILDREN/ ACCIDENTS

It is important for the school to be able to contact a parent, guardian, or other responsible adult who can pick-up your child if they are sick or injured. If your child has a fever, or is vomiting, someone must pick them up immediately. **Parents are responsible for maintaining current contact information on their child's data sheet, and updating it if something changes throughout the year so we can contact someone to pick up your child.**

- Students must be fever-free for 24 hours before returning to school.
- Every effort will be made to contact a parent/guardian if an injury occurs.

NO NIT HEAD LICE POLICY

Children with head lice or nits will be sent home immediately. They must be treated with a pediculicidal product and ALL NITS must be removed. The student will not be allowed to return to school until cleared by the school nurse.

PROGRAMS & ACTIVITIES

EXTENDED SCHOOL DAY

This program is provided to students who are reading one or more grade levels below their grade level. The students are given intensive reading instruction two evenings per week during the school year. Classes consist of low teacher/students ratios and are offered in all elementary grade levels.

ACCELERATED READER

Accelerated Reader [AR] is a computer managed incentive program that combines carefully selected lists of outstanding and popular books with user-friendly software that tests recall and records performance. Each book on the list has a point value based on grade level rating and number of words. Once the student reads the book, they take a computerized test to check their comprehension. The computer scores the test, calculates how many points the student has earned, and keeps detailed records.

AR COMPUTER LAB NIGHTS

Students and parents have the opportunity to read books together during the school year. Students can select from a wide range of books, read alone or to their parents, and finish by taking an AR test in the Lab. The day and times the lab will be open will be announced at the beginning of the school year.

BOOK IT READING PROGRAM

This program is sponsored by Pizza Hut to encourage reading in grades K-5. Packets will be handed out to teachers when the packets arrive at school.

SIX FLAGS READING PROGRAM

Students are encouraged to read a total of 300 minutes during a specific time period. Students keep track of the total minutes and number of books read. Students who reach their goal receive a free pass to Six Flags. For more information contact Tonya Bowen.

MAP INCENTIVE

A special incentive program will be in place to encourage students to perform well on the MAP test. Special recognition will be given to those students whose scores fall in the following areas:

1. Advanced - Achievement medal and a Certificate of Achievement
2. Proficient - Certificate of Achievement

PARENTS AS TEACHERS

PAT is available to all families in our school district with little ones from prenatal to kindergarten age. Parents as Teachers supports parents through home visits, newsletters, play groups, hands-on group activities, and meetings as well as yearly developmental screening. To enroll or learn more about PAT, please call 885-2534.

NOTIFICATIONS

PUBLIC NOTICE/SURROGATE PARENT ANNOUNCEMENT

All public schools are required to provide a free and appropriate public education to all students with disabilities, including those attending private/parochial schools, beginning on the child's third birthday through age twenty (20), regardless of the child's disability. Disabilities include: autism, cognitive disability, communication disorders, deaf/blindness, early childhood special education, emotional disability, hearing impaired, multiple disabilities, other health impairment, physical impaired, sound system disorder, traumatic brain injury, and visual impairment.

The public school assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri's First Steps Program.

All public schools are required to provide parents the right to inspect and review personally identifiable information collected and used or maintained by the district relating to their children. Parents have the right to request amendment of these records if they feel the information is inaccurate, misleading, or violates the privacy or other rights of their children. Parents have the right to file complaints with the U.S Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA). You may contact your local school district if you wish to review the requirements provided in FERPA.

The public school has developed a Local Compliance Plan for implementation of special Education and this Plan is available for public review during regular school hours on days school is in session in the Office of the Superintendent of Schools. The Local Compliance Plan is a written narrative that describes the district's plan for compliance with the requirements for identifying and serving all students with disabilities. Included in this plan are the policies and procedures which the district must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information. The plan also describes the assurances that services are provided in compliance with the requirement of 34 CFR 76.301 of the General Education Provision Act.

Public schools in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth through age twenty [20] who reside in the district or whose parent/legal guardian resides in the district. This census is compiled as of May 1 of each year. This information is treated as confidential and submitted to the Missouri Department of Elementary and Secondary Education. Information to collect includes: name of each child, parent/legal guardian's name/address; birth date and age of each child; and each child's disability or suspected disability. Should the district fail to submit an annual census, the State Board of Education may withhold state aid until the census is submitted.

Pursuant to the requirements of state law 162.997-999 RsMo. the State Board of Education is required to appoint a surrogate parent at such time as it becomes evident that a child with a disability does not have a parent or a person acting as a parent to participate in matters dealing with the provision of special education. For purposes of surrogate parent appointment, "parent" is defined as a biological parent, a guardian, or a person acting as a parent of a child including, but not limited to, a grandparent, step parent, or a foster parent with whom the child lives. The term does not include the State if the child is a ward of the State. The term does not include a person whose parental rights have been terminated.

The local school district is given the responsibility to determine when a child with a disability who requires special education and who resides in the District is without a parent. The District must notify the Missouri Department of Elementary and Secondary Education of the need to appoint a surrogate parent. The Missouri Department of Elementary and Secondary Education will provide training for such persons serving as surrogate

parents. This notice can be provided in languages such as Chinese, Spanish, Arabic, and Vietnamese or other language as may be necessary.

If you have a child with a disability or know of a child with a disability who is not attending the public school; or, if you are interested in learning more about volunteering to serve as a surrogate parent for a child with a disability you may contact your school district's Director of Special Services.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are outlined below:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible student may ask Alpha School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. {Optional} Upon request, the District discloses education records without consent to officials of another school District in which a student seeks or intends to enroll.

Note: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolve may contact local district or Department personnel.
